ANTH 201 (LEC01)
Introduction to Biological Anthropology
GFC Hours 3-0

Instructor: Dr. Pavelka
Phone: 403-220-4174
Email: pavelka@ucalgary.ca
Office: ES 702B
Office Hours: TR 3:30 – 4:30 pm

Lecture Location: ST 148
Lecture Days/Time: TR 2:00 – 3:15 pm

TA: Amanda Seyler
TA Email: Amanda.seyler@ucalgary.ca
TA Office Hours: By appointment

COURSE DESCRIPTION
This class will introduce you to the field of biological anthropology, including evolutionary processes, very basic genetics, primates, human evolution, and modern human diversity. While several interesting concepts are discussed in this class, be prepared that memorization of quite a few new terms is also required.

Prerequisite(s): none

READINGS AND TEXTBOOKS:
Articles (up to 4 per week) will be posted weekly in D2L under Contents in the “Lecture Slides, Video Transcripts, and Readings” folder. I may refer to these articles in class, but the content itself will not be covered in lectures. You are however responsible for knowing the content of the required readings as they will be included on the Tests (see Course Requirements). Test will be open-book format, meaning you can consult the articles during the test if you wish, but you will need to have read and even summarized or made notes from them to be able to answer the questions correctly and within the time available. Don’t make the mistake of thinking that the open-book format means the tests will be easier or that the readings are optional.

REQUIRED TECHNOLOGY and EQUIPMENT: The following technology is required for accessing materials and taking tests in D2L

- A computer with a supported operating system, as well as the latest security and malware updates
- A current and updated web browser
- Current antivirus and/or firewall software enabled
- Stable internet connection
Devices in class: flat surface devices compatible with taking hand-written notes are allowed in class, however, the use of laptops and smartphones during lectures, is (generally) not permitted. The reasons for this will be explained more fully in class, but mainly it is to avoid the visual and auditory interference and distraction of computer screens and keyboard clicking in class. This classroom regulation is designed to allow all students to focus and learn during the 75 minutes of in-class lecture and discussion time. Student feedback about this classroom regulation, which has been in place for well over a decade, has been overwhelmingly positive.

LEARNING OUTCOMES:

The Department of Anthropology and Archaeology is committed to student knowledge and skill development. Upon completion of this course, students will

• understand the development of evolutionary thought in the Western world, and our current understanding of the mechanisms of evolutionary change
• be familiar with basic genetics and epigenetics, and understand the processes involved in the evolution of new species.
• be knowledgeable about the complex path of human evolution and what lead to the divergence of the line that ultimately led to modern humans
• be informed consumers of media releases related to biological anthropology
• understand the biological diversity of modern humans and some of the modern applications of biological anthropology
• be able to engage in informed discussions about the legacy and prospects for our species

COURSE REQUIREMENTS AND ASSESSMENT – online in D2L – read the information below carefully

Critical *MUST READ* Information About the Tests

1. Most questions will be multiple choice format but there may be a small number of true/false questions. Multiple choice questions can have between 4 and 6 possible answers.

2. The tests are not cumulative except in the sense that your understanding of the material in any one section builds upon your understanding of the prior sections. On each test, questions will specifically target the lectures, videos, readings, and any information shared by email since the last test.
3. The tests are **open-book** format, meaning that you can consult **class materials** while completing the tests. **Class materials include** lecture slides, your lecture notes, the videos and video narratives, the required readings, notes you took from the required readings, any information share in Q&A sessions in class or via email, and any notes or summaries that you prepared to help yourself study. **HOWEVER,** do not make the mistake of thinking that the open-book format means the tests will be easier or that attendance, readings, and extensive test prep are optional. Also see next item.

4. You can consult **class materials** (see above) while completing the tests, **but nothing else.**
   **You are not permitted to:**
   a. look up answers using internet search engines such as Google. This really wouldn’t help you anyway since the questions are specific to the class and hopefully not simple to google the answer to.
   b. communicate with other people in any way (remote or in-person) during the test
   c. share test information during or after you have taken the test, capture (screen shot or photo) or share images of the question at any time.
   **All of these constitute academic dishonesty, and all suspected cases will be pursued.**

5. You will find the Tests in D2L in Assessments > Quizzes. A repeatable practice test will be available before Test One to allow you to become familiar with the test format before the first test.

6. The tests will be accessible to you from 12:01 am to 11:59 pm on the dates above (Sept 27, Oct 25, Nov 22, and Dec 6). **Once you start your test it will stay open for the allotted time only.**

7. **For Tests One, Two, and Three you will have 50 minutes to complete 50 questions** (plus 25 extra minutes in case of tech difficulties = 75 minutes total).
   **For Test Four you will have 30 minutes to complete 30 questions** (plus 15 extra minutes in case of tech difficulties = 45 minutes total).

8. Keep track of the time, as **the exam will close after the allotted time,** whether you have answered all questions or not, just as it would if you were writing it in class in person.

9. You can take a break and walk away from your computer if you like but do not logout. If you lose your Wi-Fi connection, usually you will be able to get back in to finish the test when it is restored, although **the clock will be running** the whole time. This is what the additional 50% time (see item #2 above) is intended to cover.

10. If you can, avoid waiting until that last 2 - 3 hours of the 24-hour window because this can be a time of high traffic which can slow down how quickly you can save an answer and move to the next. Also, if you start so late that you need to go over the 24-hour window to complete the test, it will let you, **BUT if you lose your internet connection or your browser closes you will not be able to get back in,** and this is not something we can accommodate after the fact.
11. The 24-hour window is intended to allow you to

a. find the best time (fewest distractions etc)
b. find the best place (good computer and Wi-Fi connection)
c. spread out and have easy access to allowable materials

while taking the test. It is up to you to ensure that you have a good space to work in, with access to a decent device and a secure internet connection. Be sure to plan ahead. We cannot accommodate problems that arise from you not having prepared for this in advance. If our classroom (place and time) is the best for you to take the test, it will be available for you to use, and we (prof and TA) will be present. But see next item:

12. We do not answer questions during exams whether remote or in-person. Everyone has access to the same information, and it is not fair for us to provide additional information or clarification to some students and not others. We are happy to handle questions or concerns about the tests individually in the days following the tests, whether in-person or via email communication.

13. Completion of all four tests is not required to pass the course, although it is unlikely that with a zero score on one of the first 3 tests you could still have above 50% as your final mark overall. Missed tests automatically receive a score of zero. If you are unable to take the test on the above dates the instructor or TA must be notified on or before the test date.

**Please note that no extra credit or ‘make up’ work is available in this class**

*You do not need to pass each course component to earn a passing grade in the class*

COURSE POLICIES

To create the best classroom learning environment with the fewest distractions, flat surface devices compatible with taking hand-written notes are allowed, however, the use of laptops and smartphones during lectures is not permitted. Likewise, please refrain from talking to classmates during lectures. Please raise your hand if you have questions or comments during the lecture. Interruptions of this kind are welcome and encouraged.
UNIVERSITY POLICIES

ACADEMIC ACCOMMODATIONS
Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services; SAS will process the request and issue letters of accommodation to instructors. For additional information on support services and accommodations for students with disabilities, visit https://live-ucalgary.ucalgary.ca/student-services/access. Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor or the Department Head. The full policy on Student Accommodations is available at https://www.ucalgary.ca/legal-services/university-policies-procedures/accommodation-students-disabilities-procedure.

ACADEMIC INTEGRITY POLICY
Academic integrity is the foundation of the development and acquisition of knowledge and is based on values of honesty, trust, responsibility, and respect. We expect members of our community to act with integrity. The University Calendar includes a statement on the principles of conduct expected of all members of the university community (including students, faculty, administrators, any category of staff, practicum supervisors, and volunteers), whether on or off university property. This statement applies in all situations where members of the university community are acting in their university capacities. All members of the university community have a responsibility to familiarize themselves with the principles of conduct statement, which is available at:
www.ucalgary.ca/pubs/calendar/current/k.html.

ACADEMIC MISCONDUCT
The University of Calgary is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect.

Academic dishonesty is not an acceptable activity at the University of Calgary, and students are strongly advised to read the Student Misconduct section in the University Calendar at: www.ucalgary.ca/pubs/calendar/current/k-3.html. Often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are (1) presenting another student’s work as your own, (2) presenting an author’s work or ideas as your own without adequate citation, and (3) using work completed for another course. Such activities will not be tolerated in this course, and students suspected of academic misconduct will be dealt with according to the procedures outlined in the calendar at: https://www.ucalgary.ca/legal-services/university-policies-procedures/student-academic-misconduct-procedure

For students wishing to know more about what constitutes plagiarism and how to properly cite the work of others, the Department of Geography recommends that they attend Academic Integrity workshops offered through the Student Success Centre: https://www.ucalgary.ca/student-services/student-success/learning/academic-integrity
INSTRUCTOR INTELLECTUAL PROPERTY
Course materials created by professor(s) (including course outlines, presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may NOT be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing. Information on Instructor Intellectual Property can be found at https://www.ucalgary.ca/legal-services/university-policies-procedures/intellectual-property-policy

FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY ACT
Student information will be collected in accordance with typical (or usual) classroom practice. Students’ assignments will be accessible only by the authorized course faculty. Private information related to the individual student is treated with the utmost regard by the faculty at the University of Calgary.

COPYRIGHT LEGISLATION
All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright (https://ucalgary.ca/legal-services/university-policies-procedures/acceptable-use-material-protected-copyright-policy) and requirements of the copyright act (https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html) to ensure they are aware of the consequences of unauthorized sharing of course materials (including instructor notes, electronic versions of textbooks, etc.). Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy.

SUPPORTS FOR STUDENT LEARNING, SUCCESS, AND SAFETY
Please visit the Registrar’s website at: https://www.ucalgary.ca/registrar/registration/course-outlines for additional important information on the following:

- Wellness and Mental Health Resources
- Student Success Centre
- Student Ombuds Office
- Student Union (SU) Information
- Emergency Evacuation/Assembly Points
- Safewalk

IMPORTANT DATES
The last day to drop this course with no “W” notation and still receive a tuition fee refund is Thursday, September 15th, 2022. Last day add/swap a course is Friday, September 16th, 2022. The last day to withdraw from this course is Wednesday, December 7th, 2022. https://www.ucalgary.ca/pubs/calendar/current/academic-schedule.html#fall2017
ANTH 201.01  TENTATIVE CLASS SCHEDULE FALL 2022
(Test dates are not tentative)

Tuesday Sept 6  Lecture: Intro to the Course
Thursday Sept 8  Lecture: Intro to Anthropology and Biological Anthropology

Tuesday Sept 13  Lecture: Development of Evolutionary Thought
Thursday Sept 15  Lecture continued and Video: Darwin’s Revolution in Thought

Tuesday Sept 20  Lecture: Genetics, Variation
Thursday Sept 22  Lecture: Genetics, Variation, Epigenetics

**Tuesday Sept 27  TEST ONE 25%**
Thursday Sept 29  TBA

Tuesday Oct 4  Lecture: From Variant to Species
Thursday Oct 6  Lecture: From Variant to Species

Tuesday Oct 11  Video: Life in the Trees + Commentary/Discussion
Thursday Oct 13  Lecture: Primates

Tuesday Oct 18  Video: Your Inner Monkey + Commentary/Discussion
Thursday Oct 20  Lecture: What it means to be a Hominin

**Tuesday Oct 25  TEST TWO 30%**
Thursday Oct 27  Video: Becoming Human 1 + Commentary/Discussion

Tuesday Nov 1  Lecture: Hominin Origins – From Ape to *Australopithecus*
Thursday Nov 3  Video: Becoming Human 2 + Commentary/Discussion

Tuesday Nov 8  READING WEEK
Thursday Nov 10  READING WEEK

Tuesday Nov 15  Lecture: *Homo habilis* to *Homo erectus*
Thursday Nov 17  Lecture: From *Homo erectus* to us (*Homo sapiens*)

**Tuesday Nov 22  TEST THREE 30%**
Thursday Nov 24  Video: First Peoples: Americas + Commentary/Discussion

Tuesday Nov 29  Lecture: Modern Human Diversity
Thursday Dec 1  Video: The Biology of Skin Color + Commentary/Discussion

**Tuesday Dec 6  TEST FOUR 15%**
