COURSE POLICIES

Classroom Regulations and Expectations
• Try to arrive on time to prevent disruption to the class. If you are late, please take a seat near the door to minimize disruption. Likewise, please stay seated until the lecture is finished.
• Please do not converse with classmates during lectures. This is unfair to students sitting nearby who may miss lecture material that will subsequently appear on exams. If you are discussing lecture material, please raise your hand to share the comment or question as that will benefit the whole class. Relevant interruptions are always welcome. You may also email questions to me which will be answered at the next class (the questioner will remain anonymous). Likewise, all e-mail enquiries about tests will be answered in class.
• Please turn phones off during class.

Communication guidelines – we offer you this advice to help you have more successful communication in this course and in your professional life in general:
• You are welcome to communicate with the Professor and TA by email or in person before and after class, during office hours, or by appointment.
• Use a professional email address (such as your ucalgary address or a yourname@gmail.com) for professional correspondence (such as messages to your Professor or TA).
• Use a clear subject line such as “Anth 311 Question” or “Anth 311 Student”.
• Use an appropriate greeting to start your email, such as “Dear Dr. Venkataraman”, and sign off with your full name and UCID number. It is always a good idea to err on the side of formality in professional correspondence.
• Do not skip a greeting altogether, or open with, for example, “Hey there”, “What up?” or “Yo!” If you don’t know the name of the Professor or TA start with “Dear Professor or Dear TA”, although taking a peek at the course outline is not a bad idea, rather than advertising that you don’t know the name of the person you are about to ask for something.
• Check the course outline and materials posted on D2L before asking for information that may have already been provided. Again, just to avoid advertising that you don’t come to class or consult the materials that have been provided to you. For example, no need to send an email asking if the final exam is cumulative when this is clearly stated above.
• Use complete sentences and proof-read and spell check your messages.
• We will respond as soon as possible but to be safe please allow 48 hours for a response, excluding weekends and holidays.

UNIVERSITY POLICIES

ACADEMIC ACCOMMODATIONS
Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services; SAS will process the request and issue letters of accommodation to instructors. For additional information on support services and accommodations for students with disabilities, visit https://live-ucalgary.ucalgary.ca/student-services/access. Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor or the Department Head. ACADMIC INTEGRITY POLICY
Academic integrity is the foundation of the development and acquisition of knowledge and is based on values of honesty, trust, responsibility, and respect. We expect members of our community to act with integrity. The University Calendar includes a statement on the principles of conduct expected of all members of the university community (including students, faculty, administrators, any category of staff, practicum supervisors, and volunteers), whether on or off university property. This statement applies in all situations where members of the university community are acting in their university capacities. All members of the university community have a responsibility to familiarize themselves with the principles of conduct statement, which is available at: www.ucalgary.ca/pubs/calendar/current/k.html.

ACADEMIC MISCONDUCT
The University of Calgary is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect.

Academic dishonesty is not an acceptable activity at the University of Calgary, and students are strongly advised to read the Student Misconduct section in the University Calendar at: www.ucalgary.ca/pubs/calendar/current/k-3.html. Often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are (1) presenting another student’s work as your own, (2) presenting an author’s work or ideas as your own without adequate citation, and (3) using work completed for another course. Such activities will not be tolerated in this course, and students suspected of academic misconduct will be dealt with according to the procedures outlined in the calendar at: https://www.ucalgary.ca/legal-services/university-policies-procedures/student-academic-misconduct-procedure

For students wishing to know more about what constitutes plagiarism and how to properly cite the work of others, the Department of Geography recommends that they attend Academic Integrity workshops offered through the Student Success Centre: https://www.ucalgary.ca/student-services/student-success/learning/academic-integrity

INSTRUCTOR INTELLECTUAL PROPERTY
Course materials created by professor(s) (including course outlines, presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may NOT be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing. Information on Instructor Intellectual Property can be found at https://www.ucalgary.ca/legal-services/university-policies-procedures/intellectual-property-policy

Private information related to the individual student is treated with the utmost regard by the faculty at the University of Calgary.
