All students must ensure that the contact information in the Student Centre is current. Students are responsible for the accuracy and validity of their contact information.

- **\*\*\*Important.** To be considered for many awards, students must have a local address, and therefore it is imperative that your address be kept current and local. Especially important prior to going into the field.
- 

## Library Resources

The University of Calgary Libraries and Cultural Resources supports the Anthropology and Archaeology programs with extensive collections and services.

Note the Anthropology LibGuide at <http://libguides.ucalgary.ca/anthropology> and the Archaeology LibGuide at <http://libguides.ucalgary.ca/archaeology>

---

## Graduate Students' Association (GSA)

Once you are admitted in a graduate program at the University of Calgary, you automatically become a member of the campus-wide Graduate Students' Association. To learn more about the GSA and all that it does, please visit their [website](#).

---

## Evaluation Exam

Every student admitted to the graduate program in **Archaeology** has to undergo an evaluation. You meet with your supervisor and a couple of other members of the faculty and they will ask you questions related to your background, research interests etc. We do try to keep this relatively informal but you may find it stressful as of course we tend to focus on what you don't know, rather than what you do know! The evaluation is designed to allow the faculty (who in most cases do not know you) to find out what your background is and to help you decide what courses you should be taking.

Once the evaluation is over you will have a chat with your supervisor who will recommend the courses you are to take. You will also receive a **written summary** of this conversation.

**For Anthropology students**, your program courses will be determined by the requirements of the [graduate calendar](#) for your degree, however you should consult with your supervisor who may recommend extra or alternate courses as appropriate.

---

## Registration in Courses – More than one Process

If the courses that your supervisor has recommended are in ANTH or ARKY, please do the following:

- 1) In your Student Centre, you can access REGISTER FOR COURSES. You will be required to search for the course by name and number ie: ARKY 601. If you can find the course in the term you want, you should be able to register for the course yourself. If you do see the course and get a message that the registration is blocked, you may need a permission for the course (especially for the ARKY courses). If this is so, send your GPA an email with the name of the course(s) you want and your student ID, and she can put a permission on for you to enable you to go back and register for the course.
- 2) If you have searched for the ANTH or ARKY course in the term and you cannot see that it is offered, then you need to email your GPA and she will have the registrar's create the course for you. You should do this as soon as possible before the deadline to add fall courses. You will need to know the name and number of the course and the name of the instructor.
- 3) For decimalized courses ie ARKY 603.XX, your GPA needs to know the title of the proposed course, and the title can be no more than 26 characters long,

including spaces. Your GPA will give you the additional decimal numbers once the course is made.

If the course you want to add is from a department outside ANTH or ARKY, then you must fill in a CHANGE OF COURSE REGISTRATION form. This form will need to be signed by the instructor of the course, the signature of your supervisor, our Graduate Director and also the designate of the department offering the course if they require it.

This means you need to get this form filled out as soon as possible, so that you will have it in before the add/drop course deadline.

If you have any questions, please email your GPA. Also note, if you have a hold on your account for unpaid fees, you will not be able to register until you have either paid the fees, or arranged a payment plan for the total amount owing.

### **Annual Progress Reports**

Each spring graduate students must complete an online Annual Progress Report, which documents the work completed (research, conferences, teaching) over the last year, and upcoming plans for your graduate program. The report is reviewed and approved by both your supervisor and the Graduate Program Director. ***If you do not complete your report on time, internal funding could be suspended.***

---

### **Tuitions and Fees**

At the University of Calgary you pay your graduate tuition in each term, four times a year – Fall, Winter, Spring, and Summer. Most of the general fees are paid in your annual registration term (the term you start), usually Fall. Graduate students who receive funding from the University of Calgary may apply for the Graduate Student Payment Plan which allows students to make payments over a specified period of time. Further information about tuition and fees can be found at <http://grad.ucalgary.ca/current/tuition>.

---

### **International Students**

International Student Services (ISS) provides support services and customized advising for all international students adjusting to studying at the University of Calgary and to life in Canada. They can be reached in the MacEwan Student Centre, Room 275, by phone: 403.220.5581 or by email: [international.advice@ucalgary.ca](mailto:international.advice@ucalgary.ca).

### **Social Insurance Numbers**

Anyone receiving any form of payment for work in Canada needs to get a Social Insurance Number (SIN). You get this at the Human Resources and Development Canada office at the Harry Hays Building, Suite 150, 220 4<sup>th</sup> Avenue SE [www.hrsdc.gc.ca](http://www.hrsdc.gc.ca). You will need your passport, confirmation of enrollment and study permit. It is also advisable to come and see your GPA first and get an offer of employment letter. Once the application form is completed it takes up to six weeks

to issue the SIN number; don't panic, you will be paid but you must **let your GPA have a copy of your SIN number and expiry date form** as soon as you get it.

---

### **Alberta Health Care and University Health Services**

Canadians from out of Province may either continue to use their current Provincial Health Care plan or you can change to Alberta Health Care. All visa students must obtain Alberta Health Care coverage within two months of arrival; you may pick up the appropriate forms and get information on AHC from University Health Services, 3rd floor MacEwan Hall or from the AHC web page at

[http://www.health.gov.ab.ca/ahcip/ahcip\\_forms.html](http://www.health.gov.ab.ca/ahcip/ahcip_forms.html).

The GSA provides additional health care and dental coverage. Full information may be obtained from the GSA Office (third floor MacEwan Student Services) or on the GSA web page [www.gsa.ucalgary.ca/health-dental-services](http://www.gsa.ucalgary.ca/health-dental-services).

University Health Services provides a complete range of health care (excluding dental) during normal working hours (8:30 – 12:00 and 1:00 to 4:30), Monday to Friday. After hours care is generally available at walk-in Clinics (nearest to the University are those at Brentwood Village Mall or Market Mall). These are usually open to about 10:00 at night and on weekends. Health Services maintains a list of physicians who are able to take on new patients. There is also a full-service pharmacy in the MacEwan Student Centre.

---

### **Graduate Assistantships (aka Teaching Assistant positions)**

Many graduate students receive funding from the Department through Graduate Assistantships, either teaching (GAT) or non-teaching (GANT) positions. All aspects of graduate assistantships are based on a [Collective Agreement](#) between the Governors of the University of Calgary and the Graduate Students' Association.

---

### **Degree Audit**

Nearing completion of your degree? Before the last term of your courses you should make an appointment with the Graduate Program Administrator for a degree audit. This is to ensure that you have completed your course requirements and are aware of all the steps necessary to ensure that you graduate on time.

---

## **Copy of Thesis**

The Department requires all students who have submitted their final thesis to the Vault to also provide 1 (one) bound copy of their thesis to the Department for archival purposes. The binding should be hard cover. It is traditional to offer a bound copy of your thesis to your supervisor if he or she wishes to keep one on file.
